

## WE'RE NOT JUST A LINCOLN MERCURY STORE. WE'RE PROUD MEMBERS OF THE COMMUNITY.

As the month of May 2009 came to a close, we at Delray Motors couldn't help but reflect on how fortunate we are to be able to service the community and continue our partnership with the Ford Motor Company.

The bad news about the economy, specifically the recent bankruptcy of two major domestic automobile manufacturers, is alarming. We at Delray Motors refuse to dwell on the negative news and focus on the positive news: Ford Motor Company's sales for the month of May 2009 were the strongest since July of 2008, and Delray Motors sold more vehicles in May 2009 than in May of 2008. Ford Motor Company celebrates its 100<sup>th</sup> birthday by being the only American vehicle manufacturer that did not accept the federal government's bailout funds, and is not in bankruptcy. Recent JD Power surveys find that Ford and Lincoln Mercury products are equal to and in some cases better, than the import vehicles sold in the United States. The Mercury Milan features best in class fuel economy and cutting edge Sync technology. The 2010 Lincoln MKZ will feature the revolutionary EcoBoost engine that combines the performance of a V8 with the fuel economy of a V6. The 2010 Lincoln MKZ is available with safety features such as the new BLIS (Blind Spot Information System) with cross traffic alert, and collision warning with brake support. The latest generation of Sync offered on all 2009/2010 Lincoln Mercury products adds traffic information, directions, 911 assist, and your vehicle's health report, without monthly fees. The 2010 Lincoln MKT features the new EcoBoost engine, large cargo capacity and the seven passenger luxury you would expect from a Lincoln. The "Drive the Lincoln Mercury difference" program will pay up to three monthly payments for eligible customers. The 2010 product lineup is something to be really proud of. But let's not forget the sales results for May that tell a compelling story: by remaining positive in our attitude, servicing our customers and leveraging our strong relationship with the Ford Motor Company, we were able to improve our sales performance despite all of the economic challenges. We look forward to a gradual improvement in the economy and continued success in the months ahead for both the Ford Motor Company and Delray Motors.

### Delray Lincoln Mercury Dealership Circa 1959

Henry Ford once said "If you think you can do a thing, or think you can't do a thing, you're right."

Delray Motors is situated between Federal Highway on the east and Dixie Highway on the west, just south of Linton Blvd., on more than 14 acres. Delray Motors has five covered service write up lanes, 68 mechanical repair bays and a full service body shop, including three state of the art down draft paint booths that are heated by natural gas to give you that factory baked on paint job. We also have a custom trim shop and accessories department along with our rental car department, offering special

pricing to our service and body shop customers.

Delray Lincoln Mercury is a full service automobile dealership and is here to take care of all of your automotive needs including routine maintenance. Delray Motors offers many products and services that set us apart from our competition.

Located at 2102 South Federal Highway, Delray Motors has been owned and operated by the Young Family in the same location servicing our community for over 50 years.

Our family invites you to stop by today and see what makes the "Delray Difference" and why we have been in business for more than 50 years.
